## Enhance Capabilities

Confirmdelivery.com offers patented tracking and data management tools.

Our patented confirmdelivery.com website provides customers with:

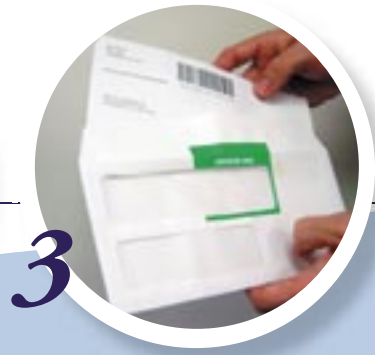

- The ability to address, process and track mail-pieces all from your desktop.
- User-friendly access to detailed tracking information and service reports.
- An address book, which generates shipping labels with a click of the mouse.
- Built in address correction and verification, which reduces costly returned mail.
- AutoSignature, which provides updated signatures on a daily basis via email.

## Reduce Overhead

Prepare mail up to 4 times faster with confirmdelivery.com, when compared to Certified Mail with Return Receipt. In addition, confirmdelivery.com allows customers to:

- Eliminate the need for expensive preprinted Certified Mail forms.
- Access our service from multiple desktops with no additional cost.
- Automatically generate Firm Book for official proof of mailing.
- Save postage without investing in additional hardware or software.

**Experience Confirmdelivery.com at no risk!**

With confirmdelivery.com, there is no expensive hardware or software to purchase, no annual subscription fees, and no binding long-term contracts to sign. All you need to begin today is a computer with Internet access, an inkjet/laser printer, a postage meter, and our United States Postal Service® approved envelopes. With our Satisfaction Guarantee, rest assured that if your organization isn't completely satisfied with the confirmdelivery.com service we will refund all unused envelopes; no questions asked.
